

# HERE'S WHY BROKERS ARE BETTER

When Logic and Benefits meet

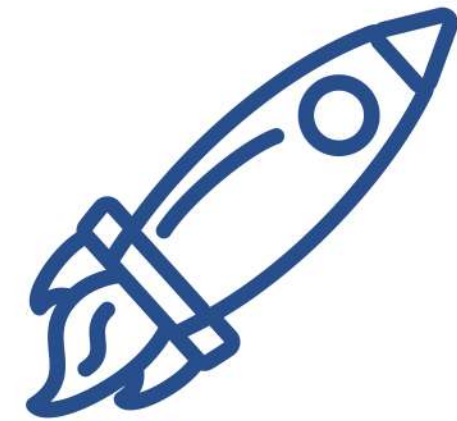

## FIRST REASON

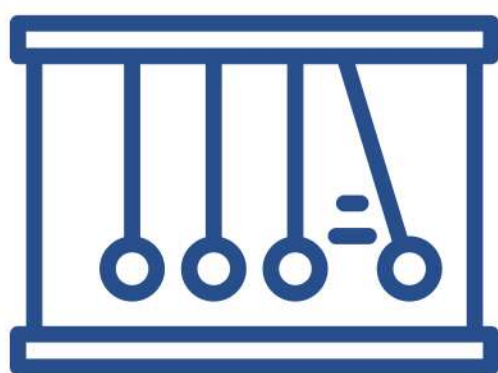

**Power of Options.** Brokers have far more options than banks and can provide comparisons between many of the nation's top lenders.

## SECOND REASON

Brokers can save you time and money, allowing you to compare interest rates, charges, and loan features from various banks and non-bank lenders

## THIRD REASON

Brokers work for you and not the Big Bank. Because Brokers work through a wholesale channel, this translates into savings for you.
